Long Island has approximately 500,000 11–19-year-olds; many of whom are marginalized and isolated because of their circumstances of poverty, gangs, drugs, depression, or abuse. Each day kids walk the halls of their schools in search of their identity, purpose, and belonging. Youth for Christ exists to pursue young people where they are, connect with them, and provide them with the opportunity to know Jesus.

We believe there is room here for every story and that every kid matters to God no matter what the circumstance. We are seeing young people transformed in our ministries because of Jesus. Teens are moving from isolation to a safe, caring community. From a year of loss to joy restored. From fear and uncertainty; to courageous faith. From self-focused; to servant leadership. From relational poverty; to the extended family of God.

This doesn’t happen without YOU! Christ uses partners and volunteers like you every day to propel our mission exponentially, so more kids’ lives are changed forever. I would like to invite you to join our mission. Please consider giving, praying, or serving. It would be our privilege to partner together so kids who need hope will never be the same; because of Jesus, and because of you.

THANK YOU!

Last month we had our in-person fundraising banquet! It featured ministry stories from students, staff, and volunteers from this past year. THANK YOU to everyone that attended and donated!
Every week our Juvenile Justice Ministry leaders are serving at the Nassau County Detention Center. From hosting Bible studies to teaching art and music, our goal is to share the love of God with those that have often lost hope.

Kevin, one of our YFC leaders, is an artist who uses his talents to draw portraits of the young people. This time is very powerful as it allows Kevin to meet with the kids in a unique setting, many never having ever sat for a portrait before. Kevin uses these opportunities to instill value and self-worth to each individual as he carefully draws their unique features. One young man who recently was released from the Center shared his experience with us...

Watch as our team pours truth into this young man’s life. Hear how our team is mentoring and giving support to help one boy transition back to his life after being incarcerated. We often talk about how we minister to hurting youth who need Jesus, in this video you will see our YFC team giving hope, truth and love to one kid! You can watch a child of God recognize God’s great love!

20 Years of School Ministry - A Story from YFC Core

When brand new high school Guidance Counselor, Mr. Skelton approached a student who was sitting in the cafeteria praying and reading his bible 20 years ago, he had no idea how transformative that conversation would be - not just for that student, but for himself, and ultimately the school. The two met, and the boy discussed wanting to start a student-led Christian Club. Mr. Skelton, agreed, and contacted Youth for Christ for help.

For the past two decades, he has served as their Christian club's school advisor. Fast forward to 2022. The club has not only survived, but thrived - and during a global pandemic no less! According to this year's student president, Diondra, she says - it’s “all thanks to God!” Just like that young man all those years ago, she wanted to find a sense of community and fellowship while in school, and this school Christian club provided the perfect opportunity to do that.
